IP Report

All Sections (with instructions)  Print Report

Print  Download [MS Word]

Purpose of the Institutional Profile

The Institutional Profile (IP) is required as part of an institution's accreditation. Commission staff and evaluators utilize data from the Profile to keep informed about changing circumstances at each institution. In addition, the Commission updates each institution's Statement of Accreditation Status (SAS), the document about your institution that we provide to the public on request; publishes selected information in its directory of members and candidates; updates its site on the World Wide Web at www.msche.org; and, based on the
financial data submitted with the IP, calculates each institution’s annual dues.

**Multi-campus Reports**

Each separately accredited institution and each candidate should report all of its data on one IP. The sections for Institutional Information, Enrollment, Graduation Data, Instructional Personnel, Distance Learning, and Financial Information should contain data for the entire institution, including all its branches, additional locations, and other instructional sites, as defined in these instructions. Separate sections are provided for reporting specific information about study abroad programs, branch campuses, additional locations, and other instructional sites.

**Institutions in Default**

Institutions that have not submitted their IP by the closing date will be considered in default of the filing requirement. Information about these institutions will be submitted to the Commission’s Committee on Follow-up to review the accredited status of the institution. Actions that the Committee on Follow-up may take are outlined in the policy statement, "Range of Commission Actions" (which is available under Publications at www.msche.org).

E. Distance Learning

Distance learning is a formal educational process in which the instruction occurs when the learner and the instructor are not in the same place at the same time. In this process, information or distributed learning technology is the likely connector between the learner, the instructor, or the site of program origin.

I. Financial Information

Report Educational and General (E&G) expenses from your institution's audited financial statement for the most recent fiscal year. Some of the data in this section may be the same data your institution reports to the Integrated Postsecondary Higher Education Data Systems (IPEDS).

Verify the beginning and ending date for your institution's fiscal year. The default dates are 7/1/2006 through 6/30/2007 (the most recent year for which you would have an audited financial report). If your institution uses different dates, please change the default dates accordingly.

Report financial data in whole dollars. Round cents to the nearest whole dollar. For example, enter 124, not 123.65. Do not enter data in thousands of dollars. For example, enter 1,250,000 not 1,250.

Report educational and general expenses by expense category (e.g., instruction, research, public service, etc.). The expense for each category is the sum of restricted and unrestricted expenses.

Notes
J. Significant Developments

Please provide the Commission with early notice of any significant developments your institution is considering for academic years 2008-09 or 2009-10, limited to the topics listed below.

Include potential changes that:

- significantly alter the mission, goals, or objectives of the institution;
- alter the legal status, form of control, or ownership;
- establish instruction constituting at least 50% of a degree program in a significantly different format/method of delivery;
- establish instruction at a new degree or credential level;
- replace clock hours with credit hours;
- increase substantially the number of clock or credit hours awarded for successful completion of a program;
- establish instruction constituting at least 50% of a degree program at a new geographic location;
- relocate the primary campus or an existing branch campus (See definition in Section H, above);
- otherwise affect significantly the institution's ability to continue the support of existing and proposed programs.

In addition, please describe any other major developments taking place at the institution. The information provided should focus on important institutional issues (e.g., development of a new strategic plan, initiation of a capital campaign, establishment of a new academic unit such as a school or college, significant shifts in institutional enrollment or finances, etc.) Please DO NOT include matters related to the day-to-day operation of the institution.
K. Required Attachments

Please mail the entire package of required attachments as soon as all of the items are available but no later than April 20, 2008.

- A copy of the institution's most recent audited financial statement, including any management letter that the auditors may have attached to the statement.

- A print edition of the institution's current catalog. If the catalog is available only on-line (and not available in print), provide the exact web address for the home page of the catalog.

- If you submit annual financial data to IPEDS provide a copy of the financial section of the IPEDS submission.

If diversity is part of your institution's mission statement, please include the following material that will be made available to evaluators and Commission staff but not entered in our database:

- A profile of student enrollment, tenured and non-tenured faculty, and the governing board, indicating gender and racial/ethnic categories. You may photocopy and attach the Enrollment and Faculty forms you normally submit to IPEDS. Construct a similar form for your governing board, which is information that IPEDS does not require.

Mail the required attachments to:
