FUNDING OPPORTUNITY:
2020 Olympics Programming

FON:
PAS-SINGAPORE-FY20-002

AGENCY:
Department of State (State)

ITEM:
Notice seeking applications to design, plan, and implement a multi-event, multi-platform Olympics-themed public diplomacy initiative in Singapore around the 2020 Summer Olympic and Paralympic Games.

ACTION:
Applications are due February 28, 2020. Approximately $75,000 is available.

FUNDING OPPORTUNITY:
Battlefield Preservation Planning Grants - American Battlefield Protection Program

FON:
P20AS00026

AGENCY:
Department of the Interior (Interior), National Park Service (NPS)
ITEM:
Notice seeking applications to support the identification, research, evaluation, interpretation, and protection of historic battlefields and associated sites on a national, state, and local level. Projects must relate to planning, interpreting, and protecting sites where historic battles were fought on American soil during the armed conflicts that shaped the growth and development of the United States, in order that present and future generations may learn and gain inspiration from the ground where Americans made their ultimate sacrifice.

ACTION:
Applications are due January 31, 2020. Approximately $1.2 million is available for 20 awards.

FUNDING OPPORTUNITY:
NAGPRA REPATRIATION AND CONSULTATION-DOCUMENTATION GRANTS FY2020

FON:
P20AS00024, P20AS00025

AGENCY:
Department of the Interior (Interior), National Park Service (NPS)

ITEM:
Notice seeking applications for the transfer of control of Native American human remains and/or cultural items to lineal descendants, Indian tribes, and Native Hawaiian organizations. Consultation projects support efforts related to compiling or revising a NAGPRA inventory and making or responding to requests for items in a NAGPRA summary. Documentation projects support determining the geographical origin, cultural affiliation, and other basic facts surrounding the acquisition of Native American cultural items.

ACTION:
Applications for repatriation grants are due April 10, 2020. Applications for consultation and documentation grants are due February 14, 2020. Number of awards and award amounts vary by program.

EDUCATION / ECONOMIC AND COMMUNITY DEVELOPMENT

FUNDING OPPORTUNITY: Fair Housing Initiatives Program
FON:

AGENCY:
Department of Housing and Urban Development (HUD)

ITEM:
Notice seeking applications for any of the three initiatives that inform the public about rights and obligations under the Fair Housing Act and substantially equivalent state and local fair housing laws. Applicants must develop a complaint referral process so that funded activities will result in referrals to HUD of fair housing complaints and other possible discriminatory housing practices. IHEs that are formulating or carrying out programs to reduce discrimination may apply.

ACTION:
Applications are due February 6, 2020. Number of awards and award amounts vary by initiative.

FUNDING OPPORTUNITY:
OJJDP FY 20 Second Chance Act Addressing the Needs of Incarcerated Parents and Their Minor Children

FON:
OJJDP-2020-16831

AGENCY:
Department of Justice (Justice), Office of Juvenile Justice and Delinquency Prevention (OJJDP)

ITEM:
Notice seeking applications to promote and expand services to develop comprehensive services or expand services to incarcerated parents and their children; provide training for the protection of correction officers to include addressing the safeguarding of children and families visiting incarcerated parents, and to support facilities in rural areas that meet the needs of incarcerated parents and their minor children.

ACTION:
Applications are due March 10, 2020. Approximately $5 million is available for up to 10 awards to support projects lasting up to 36 months. Priority given to applicants that have policies, practices, and/or procedures in place that ensure the best interest of the child in facilitating the relationship between the incarcerated parent and child, such as the appointment of a guardian ad litem or a court-appointed special advocate.

FUNDING OPPORTUNITY:
WY Invasive and Noxious Plant Management

FON:
L20AS00035

AGENCY:
Bureau of Land Management (BLM), Department of the Interior (Interior)

ITEM:
Notice seeking applications to prevent, detect, inventory, control and monitor weed populations on public lands.

ACTION:
Applications are due May 1, 2020. Approximately $2 million is available for 12 awards to support projects lasting up to five years.

NOTICE:
FY2020 National Call for Nominations for Resource Advisory Councils

FON:
2020-00238

AGENCY:
Bureau of Land Management (BLM), Department of the Interior (Interior)

ITEM:
Notice seeking nominations for 27 of BLM’s statewide and regional Resource Advisory Councils (RAC) located in the West that have vacant positions and/or members whose terms are scheduled to expire. These RACs provide advice and recommendations to the BLM on land use planning and management of the National System of Public Lands within their geographic areas.

ACTION:
Nominations are due February 24, 2020.

FUNDING OPPORTUNITY:
Animal and Biological Material Resource Centers (P40) (Clinical Trials Not-Allowed)

FON:
RFA-OD-20-002

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), Office of Research Infrastructure Programs (ORIP)

ITEM:
Notice seeking applications to develop and/or expand special colonies of laboratory animals, as well as other resources such as informatics tools, reagents, cultures (cells, tissues, and organs) and genetic stocks that serve the biomedical research community in a variety of research areas on a local, regional, and national basis.

ACTION:
Applications are due February 20, 2020; May 27, 2020; September 28, 2020; January 26, 2021; May 26, 2021; September 28, 2021; January 26, 2022; May 26, 2022; and September 27, 2022 through September 28, 2023. Approximately $1.3 million is available for two awards.

FUNDING OPPORTUNITY:
Certified Community Behavioral Health Clinic Expansion Grants

FON:
SM-20-012

AGENCY:
Substance Abuse and Mental Health Services Administration (SAMHSA), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to increase access to and improve the quality of community mental and substance use disorder treatment services.

ACTION:
Applications are due March 10, 2020. Approximately $197 million is available for 98 awards to support projects lasting up to two years. SAMHSA expects applicants to provide comprehensive 24/7 access to community-based mental and substance use disorder services; treatment of co-occurring disorders; and physical healthcare in one single location.

FUNDING OPPORTUNITY:
Digital, Limited Interaction Trials and Epidemiology (D-LITE): Targeting HIV Incidence in the United States (U01 Clinical Trial Required)

FON:
RFA-AI-19-067

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Allergy and Infectious Diseases (NIAID); National Institute of Mental Health (NIMH)

ITEM:
Notice seeking applications to conduct large-scale digital clinical trials to test whether digitally-delivered HIV prevention interventions can reduce HIV incidence among U.S. men who have sex with men (MSM) and/or transgender women and men.

ACTION:
Applications are due March 20, 2020. Approximately $2 million is available through NIAID; $1 million is available through NICHD; and $500,000 is available through NIMH to support projects lasting up to five years.

FUNDING OPPORTUNITY:
Infrastructure for the Expansion of Rhesus macaque Colonies to Support HIV-AIDS-related Research (C06 Clinical Trial Not Allowed)

FON:
PAR-20-087

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), Division of Program Coordination, Planning and Strategic Initiatives, Office of Research Infrastructure Programs

ITEM:
Notice seeking applications to develop or improve the physical infrastructure of nonhuman primate facilities, focusing on the needs related to the expansion of Rhesus macaque colonies.

ACTION:
Applications are due March 5, 2020. Approximately $2 million is available for projects lasting up to five years.

FUNDING OPPORTUNITY:
Novel Therapeutics Directed to Intracellular HIV Targets (R21 Clinical Trial Not Allowed)

FON:
RFA-AI-19-072

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Allergy and Infectious Diseases (NIAID)

ITEM:
Notice seeking applications to support the development of novel therapeutics which are directed to intracellular HIV targets. During the HIV life cycle multiple viral associated proteins are expressed in the infected cell. All are critical to support assembly, release and maturation of the virus. Considering each protein has a defined role in the life cycle, therapeutically targeting one or more may be an effective strategy to obtain potent antiviral activity.

ACTION:
Optional letters of intent are due 30 days prior to application due date. Applications are due April 1, 2020. Approximately $3 million is available for up to 12 awards.

FUNDING OPPORTUNITY:
Prevention Epicenters Program: Protecting Patients from Infections, Antibiotic Resistance and Other Adverse Events

FON:
RFA-CK-20-004

AGENCY:
Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to form a collaborative research infrastructure between experts in relevant fields of healthcare-associated infections (HAI) and antibiotic resistance (AR) to respond to research priorities to protect patients. This network will conduct research to support the translation of basic, epidemiologic and technologic discoveries into new strategies for preventing HAIs, AR and other adverse events in all types of healthcare facilities in the United States.
ACTION:
Optional letters of intent are due February 3, 2020. Applications are due March 10, 2020. Approximately $40 million is available for 11 awards.

Radiobiology of High Linear Energy Transfer (High LET) Exposure in Cancer Treatment (R01, Clinical Trial Not Allowed)

FON:
RFA-CA-20-032

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Cancer Institute (NCI)

ITEM:
Notice seeking applications to develop multidisciplinary research projects that examine the relative biological effectiveness (RBE) of high linear energy transfer (high LET) radiation on cell and tissue targets.

ACTION:
LOI's are due 30 days prior to the application due date. Applications are due March 19, 2020. Approximately $3.9 million is available for five awards to support projects lasting up to five years.

FUNDING OPPORTUNITY:
Secondary Analysis of Existing Datasets in Heart, Lung, and Blood Diseases and Sleep Disorders (R21 Clinical Trial Not Allowed)

FON:
PAR-20-078

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Heart, Lung, and Blood Institute (NHLBI)

ITEM:
Notice seeking applications to stimulate the use of existing human datasets for well-focused secondary analyses to investigate novel scientific ideas or new models, systems, tools, methods, or technologies that have the potential for significant impact on biomedical or biobehavioral research in areas relevant
to the NHLBI mission. This FOA actively supports the use of existing database resources to conduct additional analyses secondary to a project’s originally-intended primary purpose. Applications may be related to, but must be distinct from, the specific aims of the original data collection. It will not support the collection of new data.

ACTION:
Applications are due February 26 and October 28 annually through 2022. Awards are up to $75,000 per year.

MEETING:
National Institute of Arthritis and Musculoskeletal and Skin Diseases; Notice of Meeting

FON:
2020-00192

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice announcing a meeting scheduled to discuss NIAMS program documents and policies.

ACTION:
The meeting will be held February 4, 2020, from 8:30 a.m. to 12:00 p.m., ET at Porter Neuroscience Research Center, Building 35A, Room: 620/630, 35 Convent Drive, Bethesda, MD.

FUNDING OPPORTUNITY:
2020 BREP

FON:
NOAA-NMFS-FHQ-2020-2006346

AGENCY:
Department of Commerce (Commerce), National Oceanic and Atmospheric Administration (NOAA)

ITEM:
Notice seeking applications to support the development of technological solutions and changes in fishing practices designed to minimize bycatch of fish and protected species (including Endangered
Species Act-listed fish, marine mammals, seabirds, and sea turtles) and to reduce impacts to invertebrates (including sponges, deep-sea corals, and shallow (tropical) corals). In addition, BREP may support projects that quantify post-release mortality and identify ways to minimize mortality and injury of bycaught species (including post-release injury and mortality).

**ACTION:**
Applications are due April 2, 2020. Approximately $2.5 million is available for 13 awards.

**FUNDING OPPORTUNITY:**
American Lobster Research Program

**FON:**
NOAA-OAR-SG-2020-2006355

**AGENCY:**
Department of Commerce (Commerce)

**ITEM:**
Notice seeking applications to develop robust and diverse research projects aimed to address: 1) Increasing understanding of life history parameters; (2) Larval ecology and early biology; (3) Spatial distribution and migration; and/or (4) socio-ecological investigations to inform future management decisions.

**ACTION:**
Applications are due March 19, 2020. Approximately $2 million is available for up to 10 awards to support projects lasting up to two years.

**FUNDING OPPORTUNITY:**
Coastal Program - Great Lakes Restoration Initiative

**FON:**
F20AS00043

**AGENCY:**
Fish and Wildlife Service (FWS), Department of the Interior (Interior)

**ITEM:**
Notice seeking applications to provide technical and financial assistance to coastal communities and landowners in an effort to restore and protect fish and wildlife habitat on public and private lands. The Coastal Program is not a conventional grants program, in that it does not solicit projects through a
request for proposals. Instead project work plans are developed strategically, in coordination with partners, and with substantial involvement from Service field staff aimed to promote biological diversity based upon sound scientific biological principles.

ACTION:
Applications are due September 20, 2020. Approximately $1 million is available for 10 awards. The program is available to coastal areas within the U.S. portion of the Great Lakes basin which includes parts of Michigan, Wisconsin, Minnesota, Illinois, Indiana, Ohio, Pennsylvania, and New York.

FUNDING OPPORTUNITY:
Fiscal Year (FY) 2021 Funding Opportunity Announcement (FOA) for the Office of Naval Research (ONR) Manufacturing Science Program

FON:
N00014-20-S-F002

AGENCY:
Navy (Navy), Department of Defense (Defense)

ITEM:
Notice seeking applications to facilitate or enable advances in Naval manufacturing with preference given to Naval-unique or Naval-centric topics that will develop a fundamental understanding of manufacturing processes and/or materials and thereby provide scientific understanding to support advances in the manufacturing technology of Naval components.

ACTION:
White paper inquiries and questions are due February 7, 2020. Proposal inquiries and questions are due May 11, 2020. Proposals are due June 8, 2020. Approximately $650,000 is available for multiple awards to support projects lasting up three years.

FUNDING OPPORTUNITY:
Fiscal Year 2020 High Priority Program – Innovative Technology Deployment (HP-ITD)

FON:
FM-MHP-20-002

AGENCY:
U.S. Department of Transportation (DOT), Federal Motor Carrier Safety Administration (FMCSA)
ITEM:
Notice seeking applications to improve safety and productivity of motor carriers, CMVs, and their
drivers; improve efficiency and effectiveness of CMV safety programs through targeted enforcement;
improve CMV data sharing among States and between States and FMCSA; and reduce Federal, State,
and industry regulatory and administrative costs.

ACTION:
Applications for high priority programs are due February 19, 2020. Approximately $20 million is
available for 35 awards to support projects lasting up to five years. FMCSA will reimburse approved
costs at the rate of 100 percent (no match/cost-share required) in the deployment of an HP-ITD CVIEW
for States that have not achieved Core ITD certification and have not been reimbursed for a CVIEW
project previously by FMCSA. All other approved projects will be reimbursed at the rate of 85 percent
of eligible costs, requiring a match/cost share of 15 percent.

National Quantum Information Science Research Centers

FON:
DE-FOA-0002253

AGENCY:
Department of Energy (Energy) , Office of Science

ITEM:
Notice seeking applications to accelerate the transformational advances in basic science and quantum-
based technology needed to develop world-leading capabilities in Quantum Information Science (QIS),
and in support of the National Quantum Initiative Act.

ACTION:
Pre-applications are due February 10, 2019. Invited applications are due April 10, 2020. Approximately
$625 million is available for five awards to support projects lasting up to five years.

NOAA SBIR
FON:
NOAA-OAR-OAR-TPO-2020-2006320

AGENCY:
Department of Commerce (Commerce), National Oceanic and Atmospheric Administration (NOAA)

ITEM:
Notice seeking applications from small businesses for Phase 1 feasibility research to determine scientific or technical merit/feasability of concepts/ideas. Research topic areas include: Aquaculture; Recreational and Commercial Fisheries; Weather Service Improvement and Ecolution; NOAA Big Data Partnerships; Next Generation NOAA Platforms; Next Generation Observation and Modeling Systems; and Flood. Consultative arrangements between firms and universities are encouraged, with the small business serving as the prime contractor.

ACTION:
Applications are due February 3, 2020. Approximately $3.75 million is available for 25 awards.

FUNDING OPPORTUNITY:
North American Wetlands Conservation Act 2021-1 U.S. Standard Grants

FON:
F20AS00041

AGENCY:
Fish and Wildlife Service (FWS), Department of the Interior (Interior)

ITEM:
Notice seeking applications that support public-private partnerships carrying out projects in the United States that further the goals of the North American Wetlands Conservation Act. Projects must involve only long-term protection, restoration, enhancement and/or establishment of wetland and associated upland habitats to benefit migratory birds. The program requires a 1:1 non-federal match and research funding is ineligible. This program supports the DOI and FWS mission of protecting and managing the nation’s natural resources by collaborating with partners and stakeholders to conserve land and water and to expand outdoor recreation and access.

ACTION:
Cycle 1 applications are due February 21, 2020 and Cycle 2 applications are due July 10, 2020. Approximately $50 million is available for 50 awards.

Novel Concepts for the Utilization of Carbon Dioxide from Utility and Industrial Sources

FON:
DE-FOA-0002186

AGENCY:
Department of Energy (Energy) , National Energy Technology Laboratory (NETL)

ITEM:
Notice seeking to develop novel marketable products using CO2 as a feedstock. Technologies that convert CO2 must show a net decrease in CO2 emissions through life cycle analysis, show a potential to generate a marketable product, and show that the product displays beneficial aspects when compared to commercially available products produced with fossil fuel feedstocks.

ACTION:
Applications are due February 20, 2020. Approximately $15 million is available for 10 awards.

FON:
FA9451-18-S-0003

AGENCY:
Department of Defense (Defense)

ITEM:
Notice seeking proposals to develop both test and analysis activities to quantify the effects of high power continuous-wave lasers (up to megawatt class) interacting with individual materials, multi-material subsystems, and/or fully functional targets as well as possible comparisons to high energy pulsed lasers.

ACTION:
Applications for the first call for proposals are due February 24, 2020. Approximately $28 million is available for awards from FY 20 through FY 24. Additional calls for proposals are possible under this broad agency announcement.
