ARTS / HUMANITIES / INTERNATIONAL

FUNDING OPPORTUNITY:
Japanese American Confinement Sites Grant Program

FON:
P19AS00210

AGENCY:
Department of the Interior (Interior)

ITEM:
Notice seeking applications for financial assistance from organizations and entities working to preserve historic Japanese American confinement sites and their history, including private nonprofit organizations, educational institutions, state, local, and tribal governments, and other public entities, for the preservation and interpretation of U.S. confinement sites where Japanese Americans were detained during World War II.

ACTION:
Applications are due November 12, 2019. Approximately 20 awards of at least $5,000 are available. Awards require a 2:1 federal to non-federal match (which may be raised and spent during the grant period). See the solicitation for a list of confinement sites eligible for funding.

Limited Submission:
Institutions may submit up to 3 applications annually for 3 separate projects but can receive only 2 grants per fiscal year grant cycle.
EDUCATION / ECONOMIC AND COMMUNITY DEVELOPMENT

FUNDING OPPORTUNITY:
Scholarships for Students at 1890 Institutions Program (1890 Scholarships) RFA

FON:
USDA-NIFA-1890SS-006911

AGENCY:
National Institute of Food and Agriculture (NIFA), United States Department of Agriculture (USDA)

ITEM:
Notice seeking proposals to provide scholarships to support recruiting, engaging, retaining, mentoring, and training of undergraduate students at 1890 land-grant institutions, resulting in baccalaureate degrees in the food and agricultural sciences and related fields.

ACTION:
Approximately 19 awards of $500,000 each are available. Eligibility is limited to 1890 land-grant institutions that have a competitive scholarships awards process.

Limited Submission:
One application per institution.

FUNDING OPPORTUNITY:
Announcement of the Availability of Disaster Relief Act 2019 Grant Funds for Community Facilities

FON:
2019-19552

AGENCY:
United States Department of Agriculture (USDA), Rural Housing Service

ITEM:
Notice seeking applications for necessary community facilities expenses related to the consequences of Hurricanes Michael and Florence and wildfires occurring in calendar year 2018, tornadoes and floods occurring in calendar year 2019, and other natural disasters. Applicants are encouraged to consider projects that provide measurable results in helping rural communities build robust and sustainable economies through strategic investments in infrastructure, partnerships and innovation.
ACTION:
Applications will be accepted on a rolling basis until funds are exhausted. The necessary community facilities must serve and be located in rural areas. Eligibility is limited to public bodies such as a municipality, county, district, authority or other political subdivision of a state; a nonprofit corporation or association with significant ties to the rural area; or a federally recognized indian tribe in a rural area. Opportunities may exist for colleges and universities to collaborate.

FUNDING OPPORTUNITY:
Procurement Technical Assistance Program
FON:
DLA-202001B
AGENCY:
Department of Defense (Defense), Defense Logistics Agency (DLA)
ITEM:
Notice seeking applications to serve as a resource for businesses to obtain information and training related to contracting opportunities with DoD, other federal agencies, state and local governments and with government prime contractors.

ACTION:
Required pre-applications are due September 25, 2019. Applications are due 120 days prior to the date that the current cooperative agreement expire. Cost sharing is required.

FUNDING OPPORTUNITY:
The Educational Component of the National Cooperative Geologic Mapping Program
FON:
G20AS00005
AGENCY:
Department of the Interior (Interior)
ITEM:
Notice seeking applications to train the next generation of geologic mappers. To do this NCGMP provides funds for undergraduate and graduate students in academic research projects that involve geologic mapping as a major component.

ACTION:
Applications are due November 19, 2019. A one to one match is required for cost sharing.

NOTICE:
Children's Health Protection Advisory Committee

AGENCY:
Environmental Protection Agency (EPA)

ITEM:
Notice announcing the U.S. Environmental Protection Agency seeks qualified candidates for consideration for appointment to its Children's Health Protection Advisory Committee.

ACTION:
Submit nominations by October 11, 2019 by email to EPA_CHPAC@icfi.com or mail to Nica Louie, Designated Federal Officer, Office of Children's Health Protection, U.S. Environmental Protection Agency, Mail Code 1107T, 1301 Constitution Avenue NW, Washington, DC, 20460. The EPA Administrator appoints members for three-year terms with a cap on service at six years. The Committee meets 2-3 times annually and the average workload is approximately 10 to 15 hours per month.

NOTICE:
Request for Information on the Bioeconomy

FON:
2019-19470

AGENCY:
Office of Science and Technology Policy (OSTP)

ITEM:
Notice seeking input from the public, including those with capital investments, performing innovative research, or developing enabling platforms and applications in the field of biological sciences, to include healthcare, medicine, pharmaceuticals, biotechnology, manufacturing, energy production, and agriculture in order to identify notable gaps, vulnerabilities and areas to promote and protect.

ACTION:
Comments are due October 22, 2019.

FUNDING OPPORTUNITY:
Accelerating the Pace of Drug Abuse Research Using Existing Data (R01 Clinical Trial Optional)

FON:
PAR-19-368

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications proposing innovative analysis of existing social science, behavioral, administrative, and neuroimaging data to study the etiology and epidemiology of substance using behaviors (defined as alcohol, tobacco, prescription and other substances) and related disorders, prevention of substance use and HIV, and health service utilization.

ACTION:
Applications are due annually on February 5, June 5, and October 5. Program expires September 8, 2021.

FUNDING OPPORTUNITY:
Catalyze: Product Definition Device Prototype Design and Testing, Diagnostic Disease Target Identification and Assay Development, and Research Tool Development (R61-R33 - Clinical Trial Not Allowed)

FON:
RFA-HL-20-024

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to provide the early stage translational support needed to develop and test device prototype designs, identify diagnostic disease targets and develop associated assays, and develop research tools for use in the treatment of HLBS diseases and disorders.

ACTION:
Optional letters of intent are due 30 days prior to the application due date. Applications are due November 8, 2019, March 9, 2020, March 9, 2021, and July 9, 2021. Approximately $3.8 million is available to support up to 13 awards per year.

FON:
RFA-HL-20-028

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to provide the early stage translational support needed for prototype testing/design modification, assay development for diagnostic disease targets, and development of research tools for use in the treatment of HLBS diseases and disorders.

ACTION:
Optional letters of intent are due 30 days prior to the application due date. Applications are due November 8, 2019, March 9, 2020, March 9, 2021, and July 9, 2021. Approximately $3.8 million is available to support up to 13 awards.

FON:
RFA-HL-20-027

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to provide the early stage translational support needed to identify a lead compound series toward development of potential therapeutic agents to treat heart, lung, blood, and
sleep diseases and disorders.

ACTION:
Optional letters of intent are due 30 days prior to the application due date. Applications are due November 8, 2019, March 9, 2020, July 9, 2020, March 9, 2021, and July 9, 2021. FON:
RFA-HL-20-023

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to provide the early stage translational support needed to identify and characterize potential therapeutic candidates (compound and lead series) to treat heart, lung, blood, and sleep diseases and disorders.

ACTION:
Optional letters of intent are due 30 days prior to the application due date. Applications are due November 8, 2019, March 9, 2020, July 9, 2020, March 9, 2021, and July 9, 2021. Approximately $3.8 million is available to support up to 13 awards per year.

Development of Animal Models and Related Biological Materials for Research (R21 Clinical Trial Not Allowed)

FON:
PAR-19-369

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), Office of Research Infrastructure Programs (ORIP)
ITEM:
Notice seeking applications to encourage innovative research to develop, characterize, and improve animal models, biological materials, and novel technologies to better understand human health and disease. This FOA also seeks projects aimed at improving the diagnosis and control of diseases that interfere with animal use for biomedical research.

ACTION:
Applications are due annually on February 16, June 16, and October 16.

FUNDING OPPORTUNITY:
DoD Combat Readiness - Rapid Development and Translational Research Award

FON:
W81XWH-19-S-CRRP

AGENCY:
Army (Army), Department of Defense (Defense)

ITEM:
Notice seeking applications to support research that will accelerate the movement of promising ideas into clinical applications, including healthcare products, technologies, and/or practice guidelines. Applicants must address at least one of the following focus areas: scalable solutions for wound care that can address prevention of bleeding and infection, delivery of therapeutics, and promotion of healing; decision-support solutions, such as algorithms, artificial intelligence, deep learning, telemedicine, etc. for triage and management of severely injured warfighters; solutions that address hemorrhage control; and wearable sensors with multiple capabilities to identify and monitor medical management of injuries and/or exposures.

ACTION:
Required pre-application letters of intent are due October 23, 2019. Full proposals are due November 13, 2019. Approximately $13 million is available to support up to six awards.

FUNDING OPPORTUNITY:
Enabling Technologies and Transformative Platforms for HLBS Research (R33 - Clinical Trials Not Allowed)
FON: RFA-HL-20-022

AGENCY: National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM: Notice seeking applications to further develop enabling technologies and transformative platforms to catalyze next-generation predictive, diagnostic and therapeutic products to address heart, lung, blood, and sleep (HLBS)-related disorders and diseases. This FOA solicits R33 applications where major feasibility gaps for the enabling technology or transformative platform have already been overcome, as demonstrated with supportive preliminary data, but still requires further development and rigorous validation to encourage downstream demonstration, utilization and adoption.

ACTION: Optional letters of intent are due 30 days prior to the application due date. Applications are due November 8, 2019, March 9, 2020, July 9, 2020, March 9, 2021, and July 9, 2021. Approximately $1.42 million is available to support three awards in FY 2020.

FUNDING OPPORTUNITY:
Maximizing Investigators' Research Award (R35 - Clinical Trial Optional)

FON: PAR-19-367

AGENCY: National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM: Notice seeking applications to increase the efficiency and efficacy of NIGMS funding. It is anticipated that this program will: Increase the stability of funding for NIGMS-supported investigators, which could enhance their ability to take on ambitious scientific projects and approach problems more creatively; Increase flexibility for investigators to follow important new research directions within the NIGMS mission as opportunities arise, rather than being bound to specific aims proposed in advance of the studies; More widely distribute funding among the nation's highly talented and promising investigators to increase overall scientific productivity and the chances for important breakthroughs; Reduce the time spent by researchers writing and reviewing grant applications, allowing them to spend more time conducting research; and Enable investigators to devote more time and energy to mentoring trainees in a more stable research environment.

ACTION: Applications are due January 17, 2020; May 18, 2020; January 19, 2021; May 17, 2021; January 18, 2022, and May 17, 2022. Applications may request no more than $750,000 direct costs per year.

FUNDING OPPORTUNITY:
NIAID Career Transition Award (K22 Independent Clinical Trial Not Allowed)

FON:
PAR-19-371

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to assist postdoctoral fellows' transition to positions of assistant professor or equivalent and initiate a successful biomedical career as an independent research scientist.

ACTION:
Applications are due October 12, 2019 and annually on February 12, June 12, and October 12 through January 8, 2022.

Social Epigenomics Research Focused on Minority Health and Health Disparities (R01-Clinical Trial Not Allowed)

FON:
PAR-19-372

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to support and accelerate human epigenomic investigations focused on identifying and characterizing the mechanisms by which social experiences at various stages in life, both positive and negative, affect gene function and thereby influence health trajectories or modify disease risk in racial/ethnic minority and other health disparity populations.

ACTION:
Applications are due November 6, 2019; November 6, 2020; and November 8, 2021. Optional letters of intent are due 30 days before the application deadline.
FUNDING OPPORTUNITY:
State and Regional Primary Care Association (PCA) Cooperative Agreements

FON:
HRSA-20-021

AGENCY:
Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS), Bureau of Primary Health Care

ITEM:
Notice seeking applications to provide training and technical assistance (T/TA) on a state or regional basis to existing and potential health centers. Existing health centers include Health Center Program award recipients and look-alikes.

ACTION:
Applications are due November 8, 2019. Approximately $57.5 million is available to support up to 52 awards for three years.

FON:
RFA-HL-20-006

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to provide Transition Scholars with opportunities for additional research and career development during subsequent clinical fellowship or early career faculty appointments.

ACTION:
Applications are due November 18, 2019; October 15, 2020; and October 15, 2021.

Tailoring Interventions to Improve Preventive Health Service Use (R61-R33 Clinical Trial Required)
FON:
RFA-AG-20-045
AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)
ITEM:
Notice seeking applications to develop interventions for physician compliance with recommended prevention guidelines for the elderly from the Centers for Disease Control and Prevention and the US Preventive Services Task Force with particular interest in developing electronic health record-based interventions to improve the quality of care and health outcomes, and reduce health disparities.
ACTION:
Letters of intent are due September 28, 2019. Applications are due October 28, 2019. Up to $400,000 is available (combined direct costs) to support a project lasting up to two years for the R61. For the three-year R33 implementation phase, applicants' combined budget for direct costs may not exceed $1,350,000. Applicant's budgets need to reflect the actual needs of the proposed project.

FUNDING OPPORTUNITY:
Secure and Trustworthy Cyberspace
FON: 19-603
AGENCY: Directorate for Computer & Information Science & Engineering (CISE), National Science Foundation (NSF)
ITEM: Notice seeking proposals that address cybersecurity and privacy, and draw on expertise in one or more of these areas: computing, communication and information sciences; engineering; education;
mathematics; statistics; and social, behavioral, and economic sciences. Proposals that advance the field of cybersecurity and privacy within a single discipline or interdisciplinary efforts that span multiple disciplines are each welcome.

ACTION:
Proposals are accepted any time. In FY 20, approximately $53 million is available for various types of awards: CORE or Transition to Practice small project awards of up to $500,000 and medium project awards ranging from $500,000 to $1.2 million; and EDU cybersecurity education awards of up to $400,000.
