Funding Opportunity:
FY 2018 DRL Internet Freedom Annual Program Statement

FON:
SFOP0005253

AGENCY:
Department of State (State), Bureau of Democracy Human Rights and Labor (DRL)

ITEM:
Notice seeking statements of interest to protect the open, interoperable, secure, and reliable Internet by promoting fundamental freedoms, human rights, and the free flow of information online through integrated support to civil society for technology, digital safety, policy and advocacy, and applied research programs.

ACTION:
Required statements of interest are due September 14, 2018 and February 8, 2019.

Limited Submission:
An organization may submit no more than two SOI per deadline.

FUNDING OPPORTUNITY:
Improving the Capacity of Labor and Agriculture Stakeholders to Address Child Labor in Agricultural Areas in Argentina

FON:
FOA-ILAB-18-05

AGENCY:
Department of Labor (Labor), Bureau of International Labor Affairs (ILAB)

ITEM:
Notice seeking applications to implement a project with the objective of increasing action by labor and agriculture stakeholders to address child labor in agricultural areas in Argentina.

ACTION:
Applications are due August 27, 2018. Approximately $2.5 million is available.

**EDUCATION / ECONOMIC AND COMMUNITY DEVELOPMENT**

**FUNDING OPPORTUNITY:**
Applications for New Awards; Educational Technology, Media, and Materials for Individuals With Disabilities-Center on Technology Systems in Local Educational Agencies

**FON:**
84.327T

**AGENCY:**
Department of Education (Education)

**ITEM:**
Notice seeking applications for a cooperative agreement to establish and operate a Center on Technology Systems in Local Educational Agencies. The Center will increase the effective use of assistive technology and IT by children with disabilities and their families by building the capacity of LEAs to implement comprehensive and sustainable systems.
ACTION:
Applications are due August 9, 2018. Approximately $700,000 is available to fund one cooperative agreement.

HEALTH

FUNDING OPPORTUNITY:
DoD Reconstructive Transplant Concept Award

FON:
W81XWH-18-RTRP-CA

AGENCY:
Army (Army), Department of Defense (Defense), Congressionally Directed Medical Research Programs (CDMRP)

ITEM:
Notice seeking proposals to explore a highly innovative new concept or untested theory that addresses an important problem relevant to reconstructive transplantation. The Concept Award is not intended to support a logical progression of an already established research project, but instead supports high-risk studies that have the potential to reveal entirely new avenues for investigation. Though the mechanism supports groundbreaking research, all projects must demonstrate solid scientific rationale with military-relevant utility.

ACTION:
Required pre-applications are due October 3, 2018. Applications are due October 24, 2018. Approximately $800,000 is available to support four awards with a per-award ceiling of $200,000.
FUNDING OPPORTUNITY:
DoD Reconstructive Transplant Investigator- Initiated Research Award

FON:
W81XWH-18-RTRP-IIRA

AGENCY:
Army (Army), Department of Defense (Defense), Congressionally Directed Medical Research Programs (CDMRP)

ITEM:
Notice seeking applications for studies that have the potential to make an important contribution to reconstructive transplant research, patient care, and/or quality of life. Though the mechanism supports groundbreaking research, all projects must demonstrate solid scientific rationale with military-relevant utility. Multi-institutional collaborations among clinicians and research scientists are encouraged.

ACTION:
Required pre-applications are due August 15, 2018. Approximately $5 million is available to fund up to four awards.

FUNDING OPPORTUNITY:
DoD Reconstructive Transplant Qualitative Research Award

FON:
W81XWH-18-RTRP-QRA

AGENCY:
Army (Army), Department of Defense (Defense), Congressionally Directed Medical Research Programs (CDMRP)

ITEM:
Notice seeking applications for qualitative research studies that will help researchers and clinicians better understand the experiences of individuals involved in the reconstructive transplant process. This includes those who are considering, or who have already received, reconstructive transplant surgery and/or the reality of lifelong immunosuppression, as well as caregivers, potential donors and their families, and clinicians. This understanding will, in turn, support the ultimate goal of improving transplant outcomes and the quality of life for individuals who receive these life-changing procedures.

ACTION:
Required pre-applications are due August 15, 2018. Approximately $5 million is available to fund approximately four awards.

FUNDING OPPORTUNITY:
Drug Transport Across the Blood-Testis and Blood-Epididymal Barriers (R61/R33 - Clinical Trial Not Allowed)

FON:
PAR-18-853

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Child Health and Human Development (NICHD)

ITEM:
Notice seeking proposals for research to elucidate the chemical features of non-native molecules that cross the blood-testis and/or blood-epidydimal barriers.

ACTION:
Optional letters of intent are due 30 days before the application. Applications are due on November 27 in 2018, 2019, and 2020. Multiple awards are anticipated.

FUNDING OPPORTUNITY:
Encouraging Development of Novel Amelogenesis Models (UG3/UH3 Clinical Trial Not Allowed)

FON:
RFA-DE-19-004

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to encourage studies aimed at developing physiologically relevant models of amelogenesis that are robust and validated so that they can advance studies of healthy and diseased human conditions involving teeth. The objectives of this FOA are two-fold: 1) generate new and improved models that closely mimic physiological enamel development and maturation to enable studies of amelogenesis, and 2) validate those models to ensure they are robust and accurately reflect human physiology and pathology.

ACTION:
Optional letters of intent are due September 4, 2018. Applications are due October 4, 2018. Approximately $2 million is available to support three to five awards.

FUNDING OPPORTUNITY:
HIV Technical Assistance in Burma under the President's Emergency Plan for AIDS Relief (PEPFAR)

FON:
CDC-RFA-GH19-1905

AGENCY:
Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS), Center for Global Health (CGH)

ITEM:
Notice seeking applications to contribute towards the achievement of HIV epidemic control and reduced morbidity and mortality due to HIV/AIDS and associated co-infections in Burma by providing TA on HIV prevention, care and treatment, laboratory strengthening and surveillance, with a focus on KP and PLHIV, and their sexual partners.

ACTION:
Applications are due September 7, 2018. Approximately $1.89 million is available to support one award.

FUNDING OPPORTUNITY:
Leadership Group for a Clinical Research Network on Antibacterial Resistance (UM1 Clinical Trial Required)

FON:
RFA-AI-18-036

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Allergy and Infectious Diseases (NIAID)

ITEM:
Notice seeking applications to support a Leadership Group (LG) for a Clinical Research Network on Antibacterial Resistance (AR), which was initiated to develop, implement, and manage a clinical research program to address key clinical research questions in AR.
ACTION:
Optional letters of intent are due December 3, 2018. Applications are due January 3, 2019. Approximately $15 million is available to support one to two awards in FY 2020.

FON:
CDC-RFA-GH19-1935

AGENCY:
Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications to build and sustain laboratory systems, policies, and programs to support access to quality-assured diagnostics, a competent workforce, laboratories with robust quality management systems and timely access to quality testing services and results, and optimized and efficient national HIV and TB/HIV laboratory networks.

ACTION:
Applications are due September 4, 2018. Approximately $50 million is available to fund four awards.

MEETING:
Human Studies Review Board; Notification of Public Meetings

AGENCY:
Environmental Protection Agency (EPA)

ITEM:
Notice announcing two meetings of the Human Studies Review Board to advise the Agency on the ethical and scientific review of research involving human subjects. The first meeting will consider a study protocol titled “Laboratory evaluation of mosquito bite protection from permethrin-treated clothing after 0, 50, 75, and 100 washings”. The second meeting will review and finalize their draft Final Report from the July 25, 2018 meeting, in addition to other topics that may come before the Board.

ACTION:
The first meeting will be held on July 25, 2018 from 1:00 pm to 5:30 pm ET. The second meeting will be held on September 13, 2018 from 2:00 pm to 3:30 pm ET. Both meetings will be conducted via teleconference and web conference.

FUNDING OPPORTUNITY:
Cybersecurity Education and Training Assistance Program (CETAP): Expansion of a Portable Cybersecurity Education Teacher-Focused Model

FON:
PDP-CTP-18-001

AGENCY:
Department of Homeland Security (Homeland Security), Office of Procurement Operations - Grants Division

ITEM:
Notice seeking applications to develop the highly-skilled cybersecurity professionals needed to secure the nation's cyber infrastructure and information systems.

ACTION:
Applications are due August 3, 2018. Approximately $4.3 million is available to support one award. Nonprofits are eligible.

FUNDING OPPORTUNITY:
Economic Impact Research and Assessment of Federal Laboratory Contributions to Standards Development

FON:
2018-NIST-TPO-01

AGENCY:
National Institute of Standards and Technology (NIST), Department of Commerce (Commerce)

ITEM:
Notice seeking proposals to research and assess the economic impact of the National Institute of Standards and Technology (NIST) and other federal laboratories' contributions to a selected technology field through the development and transfer of relevant documentary or other standards.

Specifically, the awardee will select a single, appropriate technology area to which NIST and other federal laboratories have contributed to standards development and propose three relevant programs in this selected technology area for analysis (final program determinations will be made in consultation with NIST). The awardee will produce a case study analysis of each of the three programs and, where appropriate, a quantitative assessment of the retrospective economic impacts of these three standards research programs. The awardee will also conduct a literature review to determine the portion of the national economic impact of the standards in the selected technology area that is attributable to contributions from all federal labs, and from NIST individually.

**ACTION:**
Proposals are due August 23, 2018. Approximately $800,000 is available to fund one award for two years.

Adapting Cross-Domain Kill-Webs (ACK) Proposers Day

**FON:**
DARPA-SN-18-70

**AGENCY:**
Defense Advanced Research Projects Agency (DARPA), Department of Defense (Defense)

**ITEM:**
Notice announcing a proposers day to provide information on the Adapting Cross-Domain Kill-Webs program, to promote discussion on the topic, and to address questions from potential proposers. The objective of the program is to assist military decision-makers with rapidly identifying and selecting options for tasking – and retasking – assets within and across organizational boundaries.

**ACTION:**
The proposers day will be held July 27, 2018 from 8:30 am to 12:00 pm ET at the Executive Conference Center, 4075 Wilson Blvd., Ste. 300, Arlington, VA.

**NOTICE:**
Cooperation on Lithium-ion Cell/Battery Fractional Thermal Runaway Calorimetry (FTRC)

**FON:**
80JSC018FTRC

**AGENCY:**
National Aeronautics and Space Administration (NASA)
ITEM:
Notice seeking proposals to collaborate with NASA and other entities interested in conducting research aimed at calorimetrically quantifying the heat response of Li-ion cells during TR and advancing design features, specifically methods which facilitate the discernment of the fraction of thermal runaway energy released through the cell casing vs. through the hot ejecta material. Partners should have access to commercially available Li-ion cells, and/or with access to similar test apparatus that support the discernment of the aforementioned energy fractions.

ACTION:
Responses are due July 24, 2018 at 4:00 pm CT.
