FUNDING OPPORTUNITY:
Statistical and Research Methodology in Education and Using Longitudinal Data To Support State Education Policymaking Grant Programs

AGENCY:
Department of Education (Education) , Institute of Education Sciences (IES)

ITEM:
Notice seeking applications to develop a wide range of methodological and statistical tools to better enable applied education scientists to conduct rigorous education research. Two competitions are included: (1) statistical and research methodology in education; and (2) longitudinal data to support State education policymaking.

ACTION:
Applications are available May 7 and due July 30, 2020. Approximately $40,000 to $300,000 is available for the Statistical and Research Methodology in Education competition. Approximately $40,000 to $330,000 is available for the Using Longitudinal Data to Support State Education Policymaking competition. The number of awards are contingent upon the Dept. of Education allocations. Funds support projects lasting up 36 months.

FUNDING OPPORTUNITY:
Asthma and Allergic Diseases Cooperative Research Centers (U19 Clinical Trial Optional)

FON:
RFA-AI-20-007

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Allergy and Infectious Diseases (NIAID)

ITEM:
Notice seeking applications to participate in the Asthma and Allergic Diseases Cooperative Research Centers (AADRCR) program. The program will support centers that integrate clinical and translational research to conduct studies on the mechanisms underlying the onset and progression of diseases of interest, including asthma, rhinitis (allergic and non-allergic), chronic rhinosinusitis, atopic dermatitis, food allergy, and drug allergy.

ACTION:
Optional letters of intent are due 30 days prior to the application due date. Applications are due August 28, 2020. Approximately $9 million is available to support six to seven awards.

DoD Lung Cancer, Career Development Award

FON:
W81XWH-20-LCRP-CDA

AGENCY:
Army (Army), Department of Defense (Defense), U.S. Army Medical Research Acquisition Activity (USAMRAA)

ITEM:
Notice seeking applications to supports early-career, independent investigators to conduct impactful research under the mentorship of an experienced lung cancer researcher as an opportunity to obtain the funding, mentoring, and experience necessary for productive, independent careers at the forefront of lung cancer research.

ACTION:
Required pre-applications are due July 15, 2020. Applications are due July 29, 2020. Approximately $1.2 million is available to support three awards.

DoD Lung Cancer, Clinical Translational Research Partnership Award

FON:
W81XWH-20-LCRP-CTRPA

AGENCY:
Army (Army), Department of Defense (Defense), U.S. Army Medical Research Acquisition Activity (USAMRAA)

ITEM:
Notice seeking applications to supports partnerships between clinicians and research scientists that will accelerate the movement of promising ideas in lung cancer into clinical applications. This award supports the development of translational research collaborations between two independent, faculty-level (or equivalent) investigators to address a critical problem or question in lung cancer in a manner that would be less readily achievable through separate efforts.

ACTION:
Required pre-applications are due July 15, 2020. Applications are due July 29, 2020. Approximately $3.84 million is available to support two awards.

DoD Peer Reviewed Cancer Research, Behavioral Health Science Award

FON:
W81XWH-20-PRCRP-BHSA

AGENCY:
Army (Army), Department of Defense (Defense) , U.S. Army Medical Research Acquisition Activity (USAMRAA)

ITEM:
Notice seeking applications to supports innovative research and high-reward studies that span the spectrum of behavioral health science including prevention, quality of life, symptom management, resilience, and psychosocial issues related to cancer diagnosis, treatment, and survivorship.

ACTION:
Required pre-applications are due July 30, 2020. Applications are due August 27, 2020. Approximately $3.2 million is available to support two awards.

DoD Peer Reviewed Cancer Research, Impact Award

FON:
W81XWH-20-PRCRP-IPA

AGENCY:
Army (Army), Department of Defense (Defense), U.S. Army Medical Research Acquisition Activity (USAMRAA)

ITEM:
Notice seeking applications with mature research projects that specifically focus on critical scientific or clinical cancer issues, which, if successfully addressed, have the potential to make a major impact on at least one of the FY20 PRCRP Topic Areas.

ACTION:
Required pre-applications are due May 14, 2020. Applications are due August 27, 2020. Approximately $17.6 million is available to support 11 awards.
