  FUNDING OPPORTUNITY:
  Institutes for Advanced Topics in the Digital Humanities

  FON:
  20190326-HT

  AGENCY:
  National Endowment for the Humanities (NEH) , Office of Digital Humanities (ODH)

  ITEM:
  Notice seeking applications to increase the number of humanities scholars and practitioners using
digital technology in their research and to broadly disseminate knowledge about advanced technology
tools and methodologies relevant to the humanities.

  ACTION:
  Applications are due March 26, 2019. Approximately $250,000, per award, is available for multiple
awards to support projects lasting up to three years.

• MEETING:
  Arts and Artifacts Indemnity Panel Advisory Committee Meeting

  AGENCY:
  National Endowment for the Arts (NEA) , National Foundation on the Arts and the Humanities
ITEM:
Notice announcing a meeting of the Arts and Artifacts Indemnity Panel Advisory Committee to
discuss panel review, discussion, evaluation, and recommendation on applications for Certificates of
Indemnity submitted to the Federal Council on the Arts and the Humanities, for exhibitions beginning
on or after April 1, 2019.

ACTION:
The teleconference will be held on February 12, 2019 from 12:00 p.m. to 5:00 p.m. ET.

EDUCATION / ECONOMIC AND COMMUNITY DEVELOPMENT

FUNDING OPPORTUNITY:
Application for New Awards; Indian Education Formula Grants to Local Educational Agencies

FON:
84 FR 680

AGENCY:
Department of Education (Education), Office of Elementary and Secondary Education (OESE)

ITEM:
Notice seeking applications from local educational agencies (LEAs), Indian Tribes and organizations,
and other eligible entities in developing elementary and secondary school programs that serve Indian
students.

ACTION:
Part I applications are due March 7, 2019. Eligibility is limited to LEAs, Indian tribes and organizations,
or consortia of the above, but colleges and universities may have opportunities to collaborate.
Approximately 1,300 awards averaging an estimated $81,062 are available to support projects lasting
up to 12 months.

FUNDING OPPORTUNITY:
Education Innovation and Research (EIR) Program-Early and Mid-Phase Grants

AGENCY:
Department of Education (Education), Office of Elementary and Secondary Education (OESE)
ITEM:
Notice seeking applications to create, develop, implement, replicate, or take to scale entrepreneurial, evidence-based, field-initiated innovations to improve student achievement and attainment for high-need students; and rigorously evaluate such innovations.

ACTION:
Notices of intent to apply are due February 21, 2019. Applications are due April 2, 2019. Approximately $4 million, per award, is available for 18-28 projects lasting up to five years.

FUNDING OPPORTUNITY:
Education Innovation and Research (EIR) Program-Expansion Grants

AGENCY:
Department of Education (Education), Office of Elementary and Secondary Education (OESE)

ITEM:
Notice seeking applications to create, develop, implement, replicate, or take to scale entrepreneurial, evidence-based, field-initiated innovations to improve student achievement and attainment for high-need students; and rigorously evaluate such innovations. This notice invites applications for expansion grants only with an emphasis on three priority areas: 1) prior evidence of effectiveness that meets the strong evidence standard; 2) aligns with the intent of the EIR program statute: To create and take to scale entrepreneurial, evidence-based, field-initiated innovations to improve student achievement and attainment; and 3) improves and expands STEM learning and engagement, including computer science.

ACTION:
Notices of intent to apply are due February 21, 2019. Applications are due April 2, 2019. Up to $125 million is available for multiple projects lasting up to five years.

FUNDING OPPORTUNITY:
FY 2019 Regional Innovation Strategies Program

FON:
EDA-HDQ-OIE-2019-2005942
AGENCY:
Department of Commerce (Commerce), Economic Development Administration (EDA)

ITEM:
Notice seeking applications to develop capacity-building programs that provide proof-of-concept and commercialization assistance to innovators and entrepreneurs and for operational support for organizations that provide essential early-stage funding to startups.

ACTION:
Applications are due April 4, 2019. Approximately $750,000 is available to support up to 60 awards.

HEALTH
FUNDING OPPORTUNITY:
Alzheimer's Disease Programs Initiative - Grants to States and Communities

FON:
HHS-2019-ACL-AOA-ADPI-0325

AGENCY:
Administration for Community Living (ACL), Department of Health and Human Services (HHS)

ITEM:
Notice seeking applications dedicated to the development and expansion of dementia-capable home and community-based service (HCBS) systems in States and Communities. There are two application options contained in this FOA, one for States (Option A) and the other for Communities (Option B). No
entity would be eligible to apply for both State and Community options. The systems resulting from program activities under both program options will provide quality, person-centered services that help individuals remain independent and safe in their communities.

**ACTION:**
Applications are due April 1, 2019. Approximately $20.4 million is available for 22 awards.

**FUNDING OPPORTUNITY:**
**Evaluation of Return to School Programs for Traumatic Brain Injury**

**FON:**
RFA-CE-19-003

**AGENCY:**
Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS)

**ITEM:**
Notice soliciting investigator-initiated research that conducts rigorous evaluation research to assess the effectiveness of Return to School programs after traumatic brain injury of all severities (e.g., mild, moderate and severe) in children. These programs have been developed to provide teachers, medical staff and parents with guidance on how best to return a child to school after a traumatic brain injury. NCIPC invites applications that propose to evaluate existing school-based programs that: have specific pathways for care for children across all TBI severity and injury mechanisms; include children from elementary through high school; have available data on academic, health, and social outcomes; and are ready for rigorous evaluation.

**ACTION:**
Optional letters of intent are due March 13, 2019. Applications are due April 30, 2019. Approximately $4.4 million is available for two awards.

**FUNDING OPPORTUNITY:**
**George M. O'Brien Urology Cooperative Research Centers Program (U54 Clinical Trial Optional)**

**FON:**
RFA-DK-18-029
AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)

ITEM:
Notice seeking applications to foster multi- and interdisciplinary collaboration between basic, translational, and clinical researchers with diverse expertise to address questions of underlying etiology and biological and clinical features of benign genitourinary conditions within the NIDDK’s mission. In addition, the program will serve as a national resource for the larger urologic research community and provide opportunities for educational enrichment and engagement of investigators from urology and other, broad disciplines.

ACTION:
Optional letters of intent are due March 24, 2019. Applications are due April 24, 2019. Approximately $2.4 million is available for two awards.

FUNDING OPPORTUNITY:
Multidisciplinary K12 Urologic Research (KURe) Career Development Program (K12 Clinical Trial Optional)

FON:
RFA-DK-18-027

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)

ITEM:
Notice seeking applications to support institutional career development programs in urological research that will assist MDs, PhDs, and MD/PhDs with an interest in benign urological disease or urological research to develop the skills necessary to initiate and sustain an independent research career in urological research. Research areas supported by this initiative must be related to the mission of the NIDDK.

ACTION:
Optional letters of intent are due March 24, 2019. Applications are due April 24, 2019. Approximately $1 million is available for two awards.

FUNDING OPPORTUNITY:
NCI Awardee Skills Development Consortium: Research Education Short Courses (UE5 Clinical Trial Not Allowed)
FON: RFA-CA-19-010
AGENCY: National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Cancer Institute (NCI)
ITEM: Notice seeking applications to develop educational activities that complement and/or enhance the training of a workforce to meet the nation's biomedical, behavioral and clinical cancer research needs with attention given to junior faculty (e.g., assistant professors, instructors, research scientists, or equivalent), who benefit from skills development needed to establish and maintain successful independent academic cancer research careers.
ACTION: Optional letters of intent are due March 1, 2019. Applications are due April 1, 2019. Approximately $1.8 million is available for up to five awards to support projects lasting up to three years.

FUNDING OPPORTUNITY:
Patient Reported Outcomes Tool Development for Use in Non-Cystic Fibrosis Bronchiectasis Clinical Trials (U01) Clinical Trial Optional
FON: RFA-FD-19-005
AGENCY: Food and Drug Administration (FDA), Department of Health and Human Services (HHS)
ITEM: Notice seeking applications that support research to develop and qualify a Patient Reported Outcome (PRO) for Non-Cystic Fibrosis Bronchiectasis (NCFB) under FDA's Drug Development Tools Qualification Program. This would include the qualitative phase of developing the instrument, quantitative phase of testing the instrument, and qualification of the instrument. It is expected that this qualified PRO would help improve upon the current design, conduct, and interpretation of anti-infective clinical trials in NCFB patients, for which optimal endpoints are currently lacking.
ACTION:
Applications are due April 4, 2019. Approximately $2 million is available.

FUNDING OPPORTUNITY:
Patient Safety Learning Laboratories (2019): Pursuing Safety in Diagnosis and Treatment at the Intersection of Design, Systems Engineering, and Health Services Research (R18)

FON:
RFA-HS-19-001

AGENCY:
Agency for Healthcare Research and Quality (AHRQ), Department of Health and Human Services (HHS)

ITEM:
Notice calling for the creation and utilization of Patient Safety Learning Laboratories. These learning laboratories are places and networks where transdisciplinary teams identify closely related threats to diagnostic or treatment efforts associated with a high burden of harm and cost. Following a systems engineering methodology, the learning laboratories stretch professional boundaries, envision innovative designs, and take advantage of brainstorming and rapid prototyping techniques that other leading industries employ. Promising prototypes undergo further develop-test-revise iterations, and subsequent integration as a working system. After further improvements are made to the integrated working system, its efficacy is evaluated in a realistic simulated or clinical setting.

ACTION:
Optional letters of intent are due February 28, 2019. Applications are due March 29, 2019.

Validating Human Stem Cell Cardiomyocyte Technology for Better Predictive Assessment of Drug-Induced Cardiac Toxicity (U01 Clinical Trial Not Allowed)

FON:
RFA-FD-19-002

AGENCY:
Food and Drug Administration (FDA), Department of Health and Human Services (HHS)
ITEM:
Notice seeking new assays to replace non-clinical cardiotoxicity assessments. Specific interest is in assays based on human cells or materials, collectively covering the spectrum of cardiotoxic drug effects.

ACTION:
Applications are due April 4, 2019. Approximately $500,000 is available each year for one award.

SCIENCE / TECHNOLOGY / ENGINEERING / MATH

FUNDING OPPORTUNITY:
2019 NOAA California Bay Watershed Education and Training (B-WET) Program

FON:
NOAA-NOS-ONMS-2019-2005886

AGENCY:
National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (Commerce)

ITEM:
Notice seeking applications for locally relevant, authentic experiential learning for K-12 audiences through Meaningful Watershed Educational Experiences (MWEES). MWEES involve learning both outdoors and in the classroom as students engage in issue definition, outdoor field experiences, synthesis and conclusions, and action projects. The goal is to increase understanding and stewardship
of the ocean, its local watersheds, and special areas like national marine sanctuaries. Projects advance the Next Generation Science Standards, the California Environmental Literacy Standards, and the Ocean and Climate Literacy Essential Principles.

**ACTION:**
Applications are due April 5, 2019. Approximately $950,000 is available for five awards. Applicants must be located within the U.S. and can be physically located in any state, but must work within the geographic boundaries of the Monterey Bay, San Francisco Bay or Santa Barbara Channel watersheds.

**AGENCY:**
Department of Defense (Defense), Defense Logistics Agency (DLA)

**ITEM:**
Notice seeking white paper proposals to develop innovative industrial practices for the coproduction of liquid hydrocarbon fuels (suitable to meet DoD bulk fuel requirements), chemicals, and wood fiber products. The research may include the development of practices for additional co-
product items determined to be economically viable with the production of liquid hydrocarbon fuels. Fuel production practices and techniques developed must display lifecycle greenhouse gas emission measurements that are less than or equal to those associated with conventional petroleum fuel production, and must show the ability to readily align with existing commercial and military product specifications.

ACTION:
White paper proposals are due March 1, 2019.

Intelligent Neural Interfaces (INI)

FON:
DARPA-PA-18-02-04

AGENCY:
Defense Advanced Research Projects Agency (DARPA), Department of Defense (Defense)

ITEM:
Notice seeking proposals to establish the proof of concept prototype for third-wave artificial intelligence methods that could improve and expand the application space of next-generation neurotechnology. Applicants will address two major challenges: (1) decision making for sustainment and maintenance of neural interfaces to promote robustness and reliability, and (2) modeling and maximizing the information content of biological neural circuits to increase the bandwidth and computational abilities of the neural interface.

ACTION:
Proposals are due March 4, 2019. Approximately $1 million is available for combined Phase 1 and Phase 2 awards.

Competency-Aware Machine Learning (CAML) Proposers Day

FON:
DARPA-SN-19-26

AGENCY:
Defense Advanced Research Projects Agency (DARPA), Department of Defense (Defense), Defense Sciences Office

ITEM:
Notice announcing a virtual Proposers Day to provide information to potential teams of proposers on the objectives of a Broad Agency Announcement for the Competency-Aware Machine Learning (CAML) program, expected to be released in mid-February 2019. CAML seeks to develop competence-based trusted machine learning systems whereby an autonomous system can self-assess its task competency and strategy, and express both in a human-understandable form, for a given task under given conditions.

ACTION:
The Proposers Day will be held via prerecorded webcast on February 20, 2019 at 11:00 am, ET and will repost at 3:00 pm, ET. To attend, register at https://events.sa-meetings.com/ehome/index.php?eventid=398110& by February 18, 2019. DARPA highly encourages teaming before proposal submission and will facilitate the formation of teams with the necessary expertise. Potential proposers can choose to be added to the Proposer Profile List by submitted a one-page profile to the contact by March 6, 2019.
