FUNDING OPPORTUNITY:
Department of Defense Research and Education Program for Historically Black Colleges and Universities and Minority-Serving Institutions (HBCU and MSI)
FON: W911NF-19-S-0013

AGENCY: Army (Army), Department of Defense (Defense)

ITEM: Notice seeking applications to supporting research and education at Historically Black Colleges and Universities and Minority-Serving Institutions. The DoD will address this need by supporting innovative research and education programs that encourage students to pursue careers in science, technology, engineering and mathematics (STEM), particularly at covered educational institutions.

ACTION: White papers and Proposals are due anytime until April 30, 2024 to the contact below.

FUNDING OPPORTUNITY:
FY19 Funding Opportunity Announcement (FOA) for the Office of Naval Research (ONR) Navy ROTC Cybersecurity Training Program

FON: N00014-19-S-F009

AGENCY: Navy (Navy), Department of Defense (Defense)

ITEM: Notice seeking proposals addressing the technical skills taught to university students enrolled in ROTC programs in the following areas: technical skills; cyber and electronic warfare; increased research capacity; conference and meeting development.

ACTION: Proposals will be accepted until June 3, 2020. Multiple awards of up to $250,000 per year are anticipated.

FUNDING OPPORTUNITY:
FY19 Student Collaboration Projects

FON: 80MSFC19LES440603
AGENCY: National Aeronautics and Space Administration (NASA), Marshall Space Flight Center (MSFC)

ITEM: Notice seeking proposals for university student collaboration projects (SCPs). These projects are intended to find innovative technology solutions to NASA needs, facilitate student-NASA partnerships, and give promising students experience capturing and executing their own work.

ACTION: Responses are due via email by 11:59 PM CDT on July 1, 2019 to Belinda F. Triplett (belinda.f.triplett@nasa.gov) and John A. Carr (john.a.carr@nasa.gov). Awards range up to $5,000 and $10,000 for exceptional responses.

FUNDING OPPORTUNITY: Joint Directed Energy Transition Office (DE-JTO) Educational Initiative

FON: FOA-RDK-2019-0001

AGENCY: Department of Defense (Defense)

ITEM: Notice seeking proposals to build and expand awareness of and interest in the Directed Energy (DE) technical, scientific, and engineering fields among the current and future workforce. This workforce will be necessary to continue and to grow current and future DE technology, science prototype systems, programs, and test and evaluation capabilities for military High Energy Laser (HEL) systems.

ACTION: Proposals are due July 5, 2019. Approximately $2.48 million is available to support one award.

FUNDING OPPORTUNITY: Manta Ray

FON: HR001119S0040
AGENCY:
Defense Advanced Research Projects Agency (DARPA), Department of Defense (Defense), Tactical Technology Office (TTO)

ITEM:
Notice seeking proposals for the development of a new class of long duration autonomous undersea vehicles capable of transporting and deploying large payloads over long distances without the need for maintenance or refueling.

ACTION:
Abstracts are due June 27, 2019. Proposals are due August 15, 2019. Multiple awards are anticipated.

FUNDING OPPORTUNITY:
ROSES 2019: Heliophysics Theory, Modeling, and Simulations

FON:
NNH19ZDA001N-TMS

AGENCY:
National Aeronautics and Space Administration (NASA)

ITEM:
Notice seeking proposals to use modeling and simulations (AI concepts encouraged) to address a specific science problem relating to heliophysics, ultimately providing a complete chain of reasoning extending from the basic laws of nature to comparison with observation to the identification of future quantitative tests of the behavior of the environment.

ACTION:
Required Step-1 proposals are due October 3, 2019. Multiple awards of $450,000 per year are anticipated.

FUNDING OPPORTUNITY:
ROSES 2019: Outer Heliosphere Guest Investigators

FON:
NNH19ZDA001N-OHGI
AGENCY:
National Aeronautics and Space Administration (NASA)

ITEM:
Notice seeking proposals that focus on analysis of data from Voyager, the Interstellar Boundary Explorer (IBEX), and other space assets that generate data enabling the study of the outer heliosphere. This program is intended to maximize the scientific return from these mature missions by providing support for research beyond presently funded investigations.

ACTION:
Step-1 proposals are due October 17, 2019. Step-2 proposals are due December 3, 2019. Approximately $750,000 is available to support five to six awards.

NOTICE:
FY19 MSFC Early Career Initiative Partnering

FON:
80MSFC19LES0603

AGENCY:
National Aeronautics and Space Administration (NASA), Marshall Space Flight Center (MSFC)

ITEM:
Notice seeking potential partners to propose to an Internal NASA's Space Technology Mission Directorate (STMD) Early Career Initiative (ECI) Call for Proposals. ECI is an initiative focused on providing exciting opportunities for NASA technologists early in their professional careers to develop innovative solutions for difficult aerospace challenges.
