EDUCATION / ECONOMIC AND COMMUNITY DEVELOPMENT

FUNDING OPPORTUNITY:
Competitive Grants for State Assessments Program

FON:
2020-09335; 2020-09336

AGENCY:
Department of Education (Education)

ITEM:
Notices seeking applications and announcing the final priorities for the Competitive Grants for State Assessments program, the purpose of which is to enhance the quality of assessment instruments and assessment systems used by states for measuring the academic achievement of elementary and secondary school students. Applicants can apply under one of three different absolute priorities: Absolute Priority 1 - Implementing the Innovative Assessment Demonstration Authority (IADA); Absolute Priority 2 - Planning to Apply for the IADA; and Absolute Priority 3 - Developing Innovative Item Types and Design Approaches.

ACTION:
Optional notices of intent are due June 1, 2020. Applications are due June 30, 2020. Approximately $12.2 million is available for awards. Award ranges vary according to which program priority an application addresses. Eligibility is limited to individual, and consortia of, state educational agencies but opportunities may exist for colleges and universities to collaborate.

FUNDING OPPORTUNITY:  
Low Income Taxpayer Clinic Grant Program; Availability of 2021 Grant Application Package

FON:  
2020-09135

AGENCY:  
Department of the Treasury (Treasury)

ITEM:  
Notice seeking applications for the development, expansion, or continuation of low-income taxpayer clinics that ensure the fairness and integrity of the tax system for taxpayers who are low-income or speak English as a second language by: providing pro bono representation on their behalf in tax disputes with the IRS; educating them about their rights and responsibilities as taxpayers; and identifying and advocating for issues that impact them.

ACTION:  
Applications are due June 16, 2020. Approximately $6 million is available for matching grants of up to $100,000 per year. Accredited law schools, business schools, or accounting schools are eligible to apply. An informational teleconference will be held in mid-May for potential applicants - details will be posted at the Agency Site.

FUNDING OPPORTUNITY:
State Environmental Justice Cooperative Agreement Program: Covid-19 Projects

FON:
EPA-OP-OEJ-20-02

AGENCY:
Environmental Protection Agency (EPA)
ITEM:
Notice seeking applications that propose projects focusing on COVID-19 and other areas. The SEJCA program provides funding to eligible entities to work collaboratively with underserved communities to understand, promote and integrate approaches to provide meaningful and measurable improvements to public health and/or the environment in those communities. Applicants will be expected to work with underserved communities and their representative organizations to achieve meaningful and measurable results during the funding period.

ACTION:
Applications are due June 30, 2020. Five awards are expected for $200,000 each. Partnerships with colleges and universities strongly encouraged.

FUNDING OPPORTUNITY:
Workforce Opportunity for Rural Communities (WORC)

FON:
FOA-ETA-20-04

AGENCY:
Department of Labor (Labor), Employment and Training Administration (ETA)

ITEM:
Notice seeking applications for the WORC Initiative for grants serving the Appalachian and Delta regions. The purpose of this program is to demonstrate the alignment of regionally driven, comprehensive approaches to addressing economic distress and the necessary workforce development activities to ensure a workforce capable of succeeding in current and future job opportunities. Successful long-term economic growth strategies build upon bottom-up, community-led plans that promote economic resilience and maximize regional strengths. The WORC Initiative grants take a long-term view toward assisting eligible communities in diversifying their economies by investing in local strategies developed by regional partners.

ACTION:
Applications are due July 29, 2020. Approximately $29 million is available for 35 awards.

Limited Submission:
One application from each organization

Identifying Innovative Mechanisms or Interventions that Target Multimorbidity and Its Consequences (R01 Clinical Trial Optional)

FON:
PAR-20-180, PAR-20-179

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice inviting applications that seek to support the identification of shared mechanisms and development of innovative interventions to address multimorbidity or multiple chronic conditions (MCCs) and its consequences. Intervention research supported by this initiative should be designed to study: mechanisms or pathways that prevent MCCs, including the identification of early biomarkers, behavioral pathways, and individual and contextual risk factors and interactions that contribute to the development of common MCCs; targeted therapies and management, including self-management, of MCCs to delay progression and prevent onset of new diseases; and innovative health care partnership models for managing or treating MCCs.

NOTICE: RFI - Identifications and Quantification of Electronic Waste (e-waste) in Municipal Solid Waste Systems

FON: DE-FOA-0002355
AGENCY:
Department of Energy (Energy), Advanced Research Projects Agency Energy (ARPA-E)

ITEM:
Notice soliciting input for potential future ARPA-E research programs focused on highly energy efficient conversion of e-waste into usable manufacturing materials. ARPA-E is interested in e-waste management/conversion ideas across the entire supply chain of e-waste and its impact on municipal solid waste, including classification, collection, identification, sorting, and reclamation of materials. Such e-waste reclamation research and development could result in the development and deployment of advanced energy technologies, enhancing the economic and energy of the United States, while reducing imports of foreign-sourced energy, and reduction of energy-related emissions.
