EDUCATION / ECONOMIC AND COMMUNITY DEVELOPMENT

FUNDING OPPORTUNITY:
Comprehensive Literacy State Development (CLSD) Program CFDA Number 84.371C

FON:
ED-GRANTS-050319-001
AGENCY:
Department of Education (Education), Office of Elementary and Secondary Education (OESE)

ITEM:
Notice seeking applications to advance literacy skills, through the use of evidence-based practices, activities and interventions, including pre-literacy skills, reading, and writing, for infants through grade 12, with an emphasis on disadvantaged children (living in poverty, English learners, and children with disabilities).

ACTION:
Applications are due June 3, 2019. Approximately $190 million is available for 10 awards. Partnership with IHE's and community organizations encouraged.

Susan Harwood Training Grant Program, FY 2019  
FON:  
SHTG-FY-19-01  

AGENCY:  
Department of Labor (Labor), Occupational Safety and Health Administration (OSHA)
ITEM:
Notice seeking applications to develop and conduct training and educational programs for small business employers and workers on the recognition, avoidance, and prevention of occupational safety and health hazards in their workplaces. Support also helps inform workers of their rights and employers of their responsibilities under the OSH Act. Three separate funding opportunities available: 1) Targeted Topic Training grants; 2) Training and Educational Materials Development grants; and 3) Capacity Building grants.

ACTION:
Applications are due July 2, 2019. Approximately $10.5 million is available for multiple awards to support projects lasting up to one year. Applicants must select one proposed training topic.

FUNDING OPPORTUNITY:
Conference for Early Stage HIV-AIDS Researchers Using Nonhuman Primate Models (R13 Clinical Trial Not Allowed)
FON:
PAR-19-268

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), Office of Research Infrastructure Programs (ORIP)

ITEM:
Notice seeking applications to conduct an annual intensive workshop/conference/meeting to provide early stage HIV/AIDS researchers with guidance on conducting preclinical research to inform clinical trials on reducing incidences of HIV/AIDS infection, including vaccine development and testing; developing next-generation HIV therapies, including potential cure therapies; treatment of HIV-associated confections, comorbidities and complications; and infection prevention strategies.

ACTION:
Applications are due September 10, 2019. Approximately $75,000 is available per meeting annually. The number of awards is contingent upon NIH appropriations.

Limited Submission:
Only one application per institution is allowed.

FUNDING OPPORTUNITY:
HIV-AIDS Scholars Using Nonhuman Primate Models Program (K01 Independent Clinical Trial Not Allowed)

FON:
PAR-19-267

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Mental Health (NIMH)

ITEM:
Notice seeking applications to conduct HIV/AIDS-related studies using nonhuman primates as preclinical models essential for development of effective HIV/AIDS treatment and prevention.

ACTION:
Annual applications are due September 10, 2019; September 10, 2020; and September 10, 2021 through September 11, 2021. This K01 award offers salary (up to $75k/yr.) and research support for a protected time (3 yrs.) for intensive research career development, under the guidance of an experienced mentor, or sponsor in the biomedical, behavioral or clinical sciences leading to research independence. Applicants must be within ten years of completing their terminal professional degree or residency training.

FUNDING OPPORTUNITY:
HLA and KIR Region Genomics in Immune-Mediated Diseases (Clinical Trial Not Allowed)

FON:
RFA-AI-19-041 (U01), RFA-AI-19-044 (U19)

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Neurological Disorders and Stroke (NINDS); National Institute of Allergy and Infectious Diseases (NIAID)

ITEM:
Notice supporting project applications defining the association between variations in the human leukocyte antigen (HLA), also known as the Major Histocompatibility Complex (MHC), and natural killer cell immunoglobulin-like receptor (KIR) genetic regions and immune-mediated diseases, including outcomes following cell, tissue, and organ transplantation.

ACTION:
Optional letters of intent are due 30 days prior to the application due date. Applications are due September 4, 2019. Approximately $3 million is available for up to 10 awards.

Novel Tools and Devices for Animal Research Facilities and to Support Care of Animal Models (Clinical Trial Not Allowed)

FON:
PAR-19-265 (R43/R44), PAR-19-266 (R41/R42)

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS)

ITEM:
Notice encouraging applications from small business concerns for Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) projects to develop novel tools and devices to improve handling of laboratory animals, to ease the management of animal facilities, and to enhance experiments which use animal models. The intent is to facilitate the design, implementation, and creation of tools and devices to directly benefit the welfare of research animals, and to advance equipment to improve infrastructure and environmental conditions of animal facilities that support biomedical and bio-behavioral research.

ACTION:
Applications are due January 5, April 5, September 5 annually through April 6, 2021. Multiple awards expected.

FUNDING OPPORTUNITY:
Advanced Building Construction with Energy Efficient Technologies & Practices (ABC)

FON:
DE-FOA-0002099

AGENCY:
Department of Energy (Energy), Office of Energy Efficiency and Renewable Energy (EERE); Building Technologies Office (BTO)

ITEM:
Notice seeking applications to develop innovative and advanced technologies designed to maximize energy efficiency while being economical, practicable, and appealing; leverage buildings capabilities to better respond to the grid; and encourage productive partnerships to overcome technical and other challenges. Three funding priorities areas include: 1) Integrated Building Retrofitting; 2) New Construction Technologies; and 3) Advanced Technology Integration.

ACTION:
Concept papers are due June 10, 2019. Full applications are due August 8, 2019. Approximately $33.5 million is available for up to 40 awards to support projects ranging from one and half to four years. FON:

AGENCY:
Department of Defense (Defense)

ITEM:
Notices seeking Small Business Innovation Research (SBIR) or Small Business Technology Transfer (STTR) applications to support high quality cooperative research and development proposals for innovative concepts to solve the listed defense-related scientific or engineering problems that have high potential for commercialization in the private sector.

ACTION:
Applications are due July 1, 2019. Eligible small businesses may collaborate with colleges or universities for SBIR projects, while they must collaborate with colleges or universities for STTR projects. Phase I awards typically range from $100,000 to $167,500; Phase II awards from $500,000 to $1.1 million. Phase III awardees are required to obtain funding from either the private sector, a non-SBIR government source, or both. The full BAA will be released May 31, 2019.
