FUNDING OPPORTUNITY:
NOFO: Combating Wildlife Trafficking in Latin America and the Caribbean through Facilitating Regional Information Exchange and Cooperation

FON:
SFOP0006849

AGENCY:
Department of State (State), Bureau of Oceans and International Environmental Scientific Affairs (OES)

ITEM:
Notice seeking proposals to work with assistance-eligible developing countries and partners to build capacity for data collection and information sharing among relevant authorities in Latin America and the Caribbean (LAC) to identify and combat regional wildlife trafficking and conserve biodiversity. This program will generate actionable data on wildlife trafficking in LAC, and will focus on facilitating the gathering and exchange of information on instances of poaching and the illegal trade in wildlife (including live animals) or wildlife parts or products.

ACTION:
Proposals are due June 15, 2020. Approximately $395,000 is available.

EDUCATION / ECONOMIC AND COMMUNITY DEVELOPMENT

FUNDING OPPORTUNITY:
Alabama NRCS Technical Services and Projects for Fiscal Year 2020

FON:
USDA-NRCS-AL-MULTI-20-NOFO0001021

AGENCY:
United States Department of Agriculture (USDA), Natural Resources Conservation Service (NRCS)

ITEM:
Notice seeking applications to partner with likeminded natural resource conservation partners. The overall intent of this solicitation is to solicit partnerships to help enhance the implementation of key technical services and projects for Fiscal Year 2020. Proposals will be accepted for projects performed in Alabama.

ACTION:
Applications are due July 6, 2020. Approximately $1.55 million is available to support 15 awards. Cost share of at 15 percent is required.

FUNDING OPPORTUNITY:
Expected Practices Video Project

FON:
20PR05

AGENCY:
Department of Justice (Justice), National Institute of Corrections (NIC)

ITEM:
Notice seeking applications to assist federal, state, local, and tribal correctional agencies by creating and offering an innovative microlearning resource titled "Expected Practices" that can assist in reinforcing correctional excellence in several of the primary essential duties of today's correctional workforce.

ACTION:
Applications are due August 4, 2020.

HEALTH

FUNDING OPPORTUNITY:
Advancing Genomic Medicine Research (Clinical Trial Optional)

FON:
RFA-HG-20-036 (R01), RFA-HG-20-037 (R21)

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Human Genome Research Institute (NHGRI)

ITEM:
Notice seeking applications that stimulate innovation and advance understanding of when, where, and how best to implement the use of genomic information and technologies in clinical care. Proposed projects should be broadly applicable to genomic medicine as a field, and yield findings of significance beyond a single disease, gene, or setting. Projects are strongly encouraged to include ancestrally diverse and underrepresented participants and populations.

ACTION:
Optional letters of intent are due 30 days prior to the application due date. Applications are due August 3, 2020; March 8, 2021; November 2, 2021; August 1, 2022; March 13, 2023.

FUNDING OPPORTUNITY:
Announcement of Availability of Funds for Research to Practice Center Grants for Adolescent Health Promotion in Order to Prevent Teenage Pregnancy

FON:
PA-PHE-20-001

AGENCY:
Department of Health and Human Services (HHS), Office of the Assistant Secretary for Health (OASH)

ITEM:
Notice seeking applications for projects that will synthesize and translate existing research into practice for health promotion activities that will lead to adoption of healthy behaviors and ultimately help to reduce teen pregnancy.

ACTION:
Applications are due August 4, 2020. A technical assistance webinar will be held on Tuesday, June 23, 2020 at 12:00 p.m. Eastern. Log-in information and additional details will be posted on the OPA website at https://www.hhs.gov/opa/grants-and-funding/index.html. Approximately $2.4 million is available to support three awards for up to two years.

FUNDING OPPORTUNITY:
Announcement of the Availability of Funds for Conferences on Research Integrity

FON:
IR-ORI-20-002

AGENCY:
Department of Health and Human Services (HHS), Office of the Assistant Secretary for Health (OASH)

ITEM:
Notice seeking applications to provide a mechanism for those concerned with research integrity to meet to discuss theoretical, empirical, research design, educational, legal, procedural, ethical, and other issues related to preventing research misconduct and addressing issues that arise after an allegation of research misconduct is brought forward at an institution.

ACTION:
Applications are due August 4, 2020. A technical assistance webinar for potential applicants will be held on Thursday, June 25, 2020 at 1:00 p.m. Eastern. Log-in information and additional details will be posted on the ORI website at ori.hhs.gov.
FUNDING OPPORTUNITY:
Announcement of the Availability of Funds for Research Integrity Program Development and Evaluation
FON:
IR-ORI-20-003
AGENCY:
Department of Health and Human Services (HHS), Office of the Assistant Secretary for Health (OASH)
ITEM:
Notice seeking applications for projects to develop and evaluate programs and resources related to the prevention of research misconduct, protection of whistleblowers, and the furtherance of research integrity in the United States and internationally.
ACTION:
Applications are due August 4, 2020. A technical assistance webinar for potential applicants will be held on Monday, June 29, 2020 at 1:00 p.m. Eastern. Log-in information and additional details will be posted on the ORI website at ori.hhs.gov. Approximately $200,000 is available to support two to six awards.

FUNDING OPPORTUNITY:
Emergency Awards: Research Projects in SARS-CoV-2 Serological Sciences (U01-U54 Clinical Trial Optional)

FON:
RFA-CA-20-038; RFA-CA-20-039

AGENCY:
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Cancer Institute (NCI); National Institute of Allergy and Infectious Diseases (NIAID)

ITEM:
Notice seeking applications to establish Serological Sciences Research Projects with the goals of: identifying and advancing research opportunities to characterize the immune responses elicited by SARS-CoV-2 viral infection; understanding the mechanisms driving the serological, humoral and cellular immune responses; determining host, genetic, and environmental modifiers of the immune response; and determining the serological correlates of disease pathogenesis and protection against future infection; defining access, communication, and implementation barriers related to SARS-CoV-2 serological testing.

ACTION:
Applications are due July 22, 2020. Up to $8 million is available to support 5 to 10 awards. Up to $16 million is available to support four to eight Center of Excellence awards.

FUNDING OPPORTUNITY:
Pregnancy Prevention Research Grants

FON:
PA-PHE-20-002
AGENCY:
Department of Health and Human Services (HHS), Office of the Assistant Secretary for Health (OASH)

ITEM:
Notice seeking applications for projects that will allow the exploration of new questions in the area of promotion of healthy behaviors to prevent teen pregnancy.

ACTION:
Applications are due August 4, 2020. A technical assistance webinar for potential applicants will be held on Wednesday, June 24, 2020 at 4:00 PM Eastern. Log-in information and additional details will be posted on the OPA website at https://www.hhs.gov/opa/grants-and-funding/index.html. Approximately $1.5 million is available to support two to three awards.

SCIENCE / TECHNOLOGY / ENGINEERING / MATH

FUNDING OPPORTUNITY:
Agricultural Genome to Phenome Initiative

FON:
USDA-NIFA-OP-007632

AGENCY:
National Institute of Food and Agriculture (NIFA), United States Department of Agriculture (USDA)

ITEM:
Notice seeking applications that focus on collaborative science engagement and invites innovative research proposals that will lay the foundation for expanding knowledge concerning genomes and phenomes of crops and animals of importance to the agriculture sector of the United States.

ACTION:
Applications are due July 15, 2020. Approximately $969,000 is available. Cost sharing is required.

FUNDING OPPORTUNITY:
Naval Air Warfare Center Aircraft Division (NAWCAD) Office-Wide

FON:
N00421-20-S-0001
AGENCY: Navy (Navy), Department of Defense (Defense)

ITEM: Notice seeking proposals for research and development projects, which offer potential for advancement and improvement of NAWCAD operations. Readers should note that this is an announcement to declare NAWCAD's broad role in competitive funding of meritorious research across a spectrum of science and engineering disciplines.

ACTION: Proposals are accepted any time until June 3, 2021.

FUNDING OPPORTUNITY: ROSES 2020: Ocean Salinity Field Campaign

FON: NNH20ZDA001N-OSFC

AGENCY: National Aeronautics and Space Administration (NASA)

ITEM: Notice seeking proposals to clarify the role of salinity in ocean-ice interactions by characterizing salinity signatures and possible salinity-ice feedback mechanisms in rapidly-changing polar environments. Outcomes of this field campaign are also expected to inform the development of new concepts of future remote sensing capabilities that improve salinity retrievals in cold waters.

ACTION: Optional notices of intent are due August 27, 2020. Step-2 proposals are due September 24, 2020. Approximately $5.5 million is available over three years.

NOTICE: Request for Information (RFI): Research and Development Opportunities for Opaque Building Envelopes
FON:
DE-FOA-0002162

AGENCY:
Department of Energy (Energy)

ITEM:
RFI solicits feedback from industry, academia, research laboratories, government agencies, and other stakeholders on BTO's opaque envelope program and its future directions and priorities. To clarify these, BTO has developed a report that is structured around five key areas of technology R&D. The report identifies current envelope characteristics, R&D opportunities, integration approaches, and implementation pathways. BTO is requesting feedback on each of these areas. BTO is also requesting feedback on planned technical objectives, technical targets, tools, overall R&D activities, and estimates of program impacts.

ACTION:
Responses are due July 20, 2020.

ITEM:
Notice soliciting feedback from industry, academia, research laboratories, government agencies, and other stakeholders on BTO's windows R&D and its future directions and priorities. To clarify these, BTO developed the RDO report, which is structured around four key areas. The RDO report identifies opportunities and challenges, technology development, integration, and implementation.

ACTION:
Responses are due July 20, 2020.
